

BigWood Boards

Originally founded in 2004, BigWood Boards was a family run business that focused on providing outstanding products from their own home. New ownership in 2016 brings many exciting changes for BigWood Boards with even more eagerness to provide only the best for our customers. We have added staff, moved production to a larger facility, improved equipment, and are looking forward to adding products to our inventory. Our location in Georgia allows us to provide shorter lead times and quicker shipping to all of our customers. Marked as the original monogrammed cutting board, there are unlimited options for personalization whether it be monograms, carvings, or laser engraving.

About Our Boards

We take great pride in the production of our boards. Our personalized products are American made, from solid maple and walnut. We source all wood from a certified sustainable supplier here in the US. Our maple and walnut boards are sure to impress and will last for many years.

The solid strips of maple or walnut are color graded and appropriately matched before gluing the panels for the final cutting and routing of the boards. They are then carefully machined and hand sanded providing a remarkably smooth finish. All of our boards come with sure grip rubber feet attached with rust proof stainless steel screws. The wood grain variation in each board is unique and ensures that no two boards are the same!

Juice grooves follow the inside perimeter of each board, keeping the mess off the counter and adding a special touch to the design. The largest board of our Grandbois collection, also known as "the trencher," is a signature piece of the work we do. Its slanted surface is designed to hold five cups of juice so that even the largest piece of meat can be neatly carved. Our boards provide an ideal serving platter, cutting surface, and accent piece to complete any kitchen.

Granbois Collection

The Grandbois Collection is available in both hard maple or signature oiled walnut and features an oval shape perfect for presenting an entree or main course of a meal. Our largest Grandbois, the trencher, is by far our thickest board. It utilizes a slanted cutting surface instead of a juice groove to collect up to five cups of drippings in an elevated trench at one end of the board. Available with or without handles, many of our customers enjoy a carved single letter to personalize the cutting board. The Grandbois collection comes with a juice groove on the small and medium sizes.

Bread Boards

This 6" x 22" rectangular design is perfect for displaying your best loaf of bread. Carved or lasered single letter, monogram, last name, logo, or personalized message are all available on every bread board.

Lazy Suzan

There is no better way to share a meal than with a Lazy Suzan. Spin and serve in 360° with this 16 inch walnut circle.

Cigar Trays

Keep the cigar smoking experience au natural with cigar trays made entirely from maple and walnut. Whether you're smoking alone or with company, we've got you covered with both single slot and dual cigar slot trays. A great gift to personalize!

PERSONALIZATION TIP!

See pages 16-22 for stock images that can be engraved on any of our products.

810 & W810: 4" x 8" with one cigar slot **820 & W820:** 6" x 10" with two cigar slots

Personalize it!

There are two options for personalization: Carving and Laser Engraving. We guarantee lead times of five days or less on personalized boards. There are no minimum quantity orders, and best of all, personalization is included in the price of every board!

Carved

Carvings are made by chipping into the surface of the wood using a router bit.

Handles

All handles are an additional cost to the price of the board

- With a clean rag or cloth, wipe your board using warm soap and water.
- Use BigWood Board Oil to rehydrate the wood. When the surface appears faded or dried out, it's time to oil!
- Oil once a month, liberally, and let stand 10-15 minutes, then wipe with a dry cloth.

- No washing in the dishwasher! Never immerse or soak in water. This only dries out and damages the wood.
- Gravy and juices shouldn't be left to "puddle" very long.
- Vegetable oil or olive oil should not be used to care for the wood, as it will cause it to go rancid. We suggest using BigWood Board Oil!

Half Case- Quantity 6 12 oz Bottles BigWood Board Oil SKU# BOH

BigWood Board Oil is made from highly refined linseed oil with a touch of lemon oil. This mixture will keep your cutting boards, butcher blocks, and wooden utensils in great condition for years to come!
